

Md Kamruzzaman

Industrial Electrician | PLC & SCADA Automation | 18+ Years Experience

Wairoa, Hawke's Bay, New Zealand | kamrul4188@gmail.com | linkedin.com/in/kamrul4188 | credly.com/users/kamrul4188/badges

PROFESSIONAL SUMMARY

Dedicated and highly skilled Industrial Electrician and Automation Engineer with over 18 years of hands-on experience across heavy industry, marine engineering, port operations, and physical security — spanning Bangladesh, Singapore, and New Zealand. Currently leading electrical maintenance and SCADA/PLC improvement projects at AFFCO New Zealand Limited. Holds a Bachelor of Technology (Honours) from the National University of Singapore. Committed to continuous professional development through industry certifications and active upskilling in industrial automation technologies.

CORE COMPETENCIES

PLC & Automation	Allen-Bradley PLCs, Schneider M580, Studio 5000, EcoStruxure, IO-Link, PLC Programming
SCADA & Control	SCADA Systems, Process Control, Industrial Automation, VFDs/VSDs, Motor Control Circuits
Electrical Eng.	Electrical Maintenance, Fault Finding, Preventive & Predictive Maintenance, Control Panels
Security Systems	ICT Protégé WX/GX, CCTV/IP Cameras, Access Control, Hikvision, Dahua, DSC, Paradox
Networking	CCNA Certified, Network Automation, Routing & Switching, Industrial Networks
Marine / Industry	HVAC Systems, CNC Machinery, Gantry Cranes, Marine Electronics, Instrumentation

WORK EXPERIENCE

Industrial Electrician

AFFCO New Zealand Limited

Dec 2024 – Present | Wairoa, Hawke's Bay, New Zealand | Full-time, On-site

- Perform installation, maintenance, and troubleshooting of industrial electrical systems in a high-volume meat processing plant
- Diagnose and repair faults in motors, motor control circuits, VSDs, and control panels to minimise downtime
- Work with PLC-based automation systems for process control and fault finding
- Lead SCADA systems improvement projects for monitoring and control
- Lead a team of electricians, assigning daily tasks and ensuring safe, efficient completion
- Ensure compliance with New Zealand electrical standards and EWRB regulations
- Carry out preventive and predictive maintenance to improve equipment reliability
- Interpret electrical drawings, schematics, and technical manuals for maintenance and upgrades

Electronics Security Technician

CSL Security Ltd

Feb 2024 – Nov 2024 | Gisborne, New Zealand | Full-time, On-site

- Installed, configured, and maintained security alarm systems including DSC and Paradox
- Managed and deployed ICT Protégé WX and GX systems for access control and building security
- Set up and troubleshoot IP-based video surveillance systems including Provision ISR, Hikvision, and Dahua
- Diagnosed and resolved security system issues ensuring minimal downtime and maximum security

Engineer, Equipment Maintenance & Planning / Senior Technical Executive

Jurong Port

Mar 2021 – Oct 2022 | Singapore | Full-time, On-site

- Analysed core port equipment and subsystems including PLC control systems, motors, VFDs, and power systems
- Developed and planned preventive and corrective maintenance strategies to enhance equipment reliability
- Coordinated with stakeholders for equipment testing, root cause analysis, and improvement initiatives
- Led maintenance planning and implemented protocols to enhance operational efficiency

Service Engineer

DES Marine Singapore

Jun 2018 – May 2020 | Singapore | Full-time, On-site

- Provided support, operationalised, and performed troubleshooting for HVAC systems on marine vessels
- Executed assembly, installation, and commissioning of HVAC systems including ductwork, chillers, and AHUs
- Successfully managed duct installation project for vessel Heerema Sleipnir at SembCorp Tuas Boulevard Yard
- Collaborated with client representatives and vessel owners to schedule tasks and allocate manpower

Electronics Service Engineer

Ehsan Marine Pte Ltd

Nov 2016 – Nov 2017 | Singapore | Full-time, On-site

- Supervised calibration and servicing of instruments, compiling technical reports and certificates
- Conducted calibration, repair, and servicing of electrical and pneumatic instruments on cargo ships
- Evaluated critical shipboard systems including ODME, bilge alarm, temperature and pressure controllers

Electrician (Technical Services)

Keppel FELS Ltd

Dec 2008 – Oct 2016 | Singapore | Full-time

- Organised and implemented preventive maintenance schedules for plant machinery and equipment
- Assessed and maintained automation systems, CNC-operated cutting machines, and overhead/gantry cranes
- Identified root causes of defects and implemented cost-effective improvements to prevent recurrence
- Supervised electrical facility support for new shipbuilding projects

Jr. Engineer (Operation & Maintenance)

Navana CNG Limited

Feb 2008 – Dec 2008 | Bangladesh | Full-time, On-site

- Supervised installation and commissioning of electrical control systems for CNG refilling stations
- Coordinated with customers to schedule manpower and equipment for installation projects
- Supported Operations Manager with service forms, reports, logs, and breakdown records

EDUCATION

National University of Singapore

Bachelor of Technology (BTech), Electronics Engineering

2013 – 2020 | Honours

Focus: Control systems, embedded systems, industrial communication technologies. Member of NUS ECE Club.

Singapore Polytechnic

Advanced Diploma in Engineering, Process Control & Instrumentation

2011 – 2012 | GPA: 3.514 / 4.0

Advanced studies in process control, PLC applications, intelligent instrumentation, and digital control systems.

Bangladesh Technical Education Board

Diploma in Engineering, Electrical Engineering

2003 – 2007 | GPA: 3.63 / 4.0

Foundation in power systems, industrial electronics, control technologies, AC machines, and microprocessors.

CERTIFICATIONS & LICENCES

IO-Link Essentials: Accelerating Towards Industry 4.0	RealPars	May 2025
Mastering Allen-Bradley PLCs	RealPars	Jul 2025
Mastering Schneider M580 PLC with EcoStruxure	RealPars	Jul 2025
Learn How to Program Allen Bradley PLCs – Studio 5000	RealPars	Jul 2025
Learning SCADA: Collect, Analyze & Visualize Data	LinkedIn Learning	Apr 2025
Essential First Aid Course	New Zealand Red Cross	Dec 2024 (Exp. Dec 2026)
Security Camera Systems	Udemy	Oct 2024

Certified Protege WXPert (Level 2)	Integrated Control Technology (ICT)	Jun 2024
Certificate of Approval – Security Technician	Private Security Personnel Licensing Auth. (PSPLA)	Apr 2024 (Exp. Apr 2029)
Networking Basics	Cisco Credly Verified	Jan 2024
CCNA: Enterprise Networking, Security & Automation	Cisco Credly Verified	Dec 2023
CCNA: Switching, Routing & Wireless Essentials	Cisco Credly Verified	Jul 2023
CCNA: Introduction to Networks	Cisco Credly Verified	May 2023
Verified International Academic Qualifications	World Education Services (WES) Credly Verified	Nov 2022
Google IT Support Certificate	Coursera Credly Verified	Sep 2018
